Questions and reflections

Safeguarding: what does it mean?

*This is a little story about four people named **Everybody**, **Somebody**, **Anybody**, and **Nobody**.*

*There was an important job **Somebody** had to do, and it was **Everybody's** job to make sure it got done.*

***Anybody** could have done it, but **Everybody** thought **Somebody** was doing it, so in the end **Nobody** did it.*

***Everybody** got angry when **Nobody** did what **Somebody** was supposed to have done.*

***Everybody** thought that **Anybody** could do it, but **Nobody** realized that **Anybody** wasn't doing it.*

*It ended up that **Everybody** blamed **Somebody** when **Nobody** did what **Anybody** could have done.*

Child Safeguarding

- Child safeguarding is the responsibility that organizations have to **make sure** their staff, operations, and programmes do no harm to children, and they **do not expose children/beneficiaries** to the risk of harm and abuse, and that any concerns the organization has about children's safety, within the communities in which they work, **are reported** to the appropriate authorities.(KCS)
